Comments and Observations

What's in a name? I knew LM had been named for President William McKinley of Ohio but didn't know anything else about him ... None of the teachers, including the history teachers, ever said anything about him ... I saw no related memorabilia or references to commemorate him at the school ... The other Columbus Public Schools high schools at the time were North, South, East, West, Central, Marion Franklin, and Eastmoor ... LM didn't fit the overall naming pattern ... There must be a back story, but likely it's forever lost ...

LM Trivia Pursuit

When did LM win its first City League Championship in football? What was special about the team that year?

Last Month's Question: What LM wrestler was ranked 6th in the state his senior year? Bill Angle '61 ...
